COMMUNITY? DEVELOP  
INTERNATIONAL  
FRIENDSHIPS?

Join the  
third UWC Austria

Short Course and together with 50 other international participants you will spend two weeks redefining what equality means to you, your surroundings and around the world. Through a balance between workshops, self-initiated projects and community interactions, participants will get the chance to not only be a part of the Short Course, but to actively create and shape the program.

Since 1987, students from all over the world have had the opportunity to experience UWC life and values in the context of UWC Short Courses. As an integral part of the UWC movement, these 2-3 week programs share the same ideals as United World Colleges. UWC Short Courses focused on topics such as conflict resolution, sustainability and leadership have been organized in Turkey/Bulgaria, Germany, Belgium, Cyprus, Montenegro, etc.

**DATE:** July 16th - 29th 2017

**LOCATION:** Imst, Austria

**COST:** Costs of participation are usually covered by the participants and will amount to about 400 Euros. However, as in the case of application to a United World College, financial constraints should not be a reason to forgo the chance of an application. If necessary, UWC Austria can provide with partial or full scholarships.

**APPLICATION:** An official application form will be sent to all interested applicants as well as nominees of NCs.
