You are cordially invited to United World Colleges' benefit dinner in aid of the UWC Refugee Initiative. Hear keynote speaker **Ernesto Zedillo**, former President of Mexico and Director of the Center for the Study of Globalization at Yale University, who will be joined by highly talented and inspiring refugee students from Syria, Sudan and Yemen, as they share their stories with you.

A UWC education is life-changing. We prepare and empower change makers and future civic leaders, through the delivery of a unique pre-university education programme. Help us bring hope, the prospect for a brighter and peaceful future and a world-class education to more refugee students. With your support we can educate the next generation of leaders from among the most marginalized groups of today's world, who in turn will become role models for the millions of young refugees aspiring to make a difference.

"Education is the most powerful weapon which you can use to change the world."

- President Nelson Mandela, late Honorary President of United World Colleges.
